

COVID-19 Update: March 21<sup>st</sup>, 2020

To all our loyal customers,

Thank you for your continued support during these uncertain times. **We are adjusting our hours to 8AM – 6PM every day beginning Monday, March 23, 2020. We continue to receive daily shipments and do not anticipate any unusual product shortages at this moment.** To continue to protect our employees and customers we are taking the following actions:

1. Increased employee distancing: We have reduced the number of individuals working in all departments at any given time to allow for safer distancing. As a result, we will be adjusting some of the variety of our offerings and prioritizing some of our customer favorites.
2. Continuous cleaning: We have dedicated staff members each day to continuously clean and sanitize high touch spaces throughout the farm stand during open hours.

Additionally, we are asking for your help with the following:

1. Practice safe distancing: whenever possible, maintain a distance of at least 6 feet between yourself and any other customers or Verrill Farm staff members.
2. Reduce your party size: If possible, please try to visit the farm stand with the smallest group possible. The less people that are visiting at once, the easier it is to maintain a safe distance apart.
3. Avoid busiest hours if possible: Typically, the farm stand is busiest between the hours of 10AM – 3PM. If possible, try shopping outside of the peak windows.
4. Order sandwiches online: To reduce lines (especially around lunch), we are asking that whenever possible, customers place made to order sandwich orders online. Online orders are prepaid and can be placed for a specific pickup time or date up to 7 days in advance. This helps to our deli team to reduce the lines and minimize lines. Sandwiches can be ordered online [HERE](#).
5. Practice good hygiene: please continue to be vigilant about hand washing, etc. If you are sick or have been exposed to someone that is, or have been asked to quarantine, we would kindly ask that you avoid the farm stand until advised otherwise by a medical professional.

Thank you all, we will continue to provide any updates as necessary.
